

NY Beef Producers at Empire Farm Days***New Location***

We have "MOOOVED" space 408 by the Morton Buildings. All Beef Information and clinics under the HOOP!!.

Daily Happenings- August 6-8th, 2019

All Day- Live Animal - Beef Breeds on display, numerous information and Beef Producer's on hand to answer questions.

9:00 AM Tuesday –

International Genetic Solutions - What is it and how does it benefit the cow/calf producer

A brief update on the work surrounding International Genetic Solutions (IGS) and it's impact for the commercial cattlemen. Producers can rely on IGS to provide honest evaluation and tools dedicated to the success of the commercial producer.

(in here I can mention the HoSim index and other relevant tools, without getting to deep into it) ~25 minutes

9:00 AM Wednesday -

The Feeder Profit Calculator - Market differentiation using genetic & management awareness

A first hand look into the Feeder Profit Calculator (FPC) produced by the IGS science team. A free to use tool, the IGS FPC paints a picture of value on your calves using genetic and management knowledge.

(this is a fun exercise and a tool that we are really excited about) ~30 minutes

9:00 AM Thursday -

Commercial Genetic Evaluation - Have the same awareness as your seedstock provider

Regardless of breed or composite, the new Commercial Genetic Evaluation tool offered by the American Simmental Association can provide genetic awareness on your herd.

(new product, lots going on with it) ~35 minutes

10:00 AM

A Cattle Handling Demonstration.

Numerous chute systems set up and working live animals threw them. From simple set-ups to complete set-ups. All Demonstrated.

12:00 PM

"Are You Ready?"- What to expect in a DOT Cattle Truck/Trailer Inspection.

DOT personal will go over a truck and cattle trailer and point out things they are looking at during a roadside inspection. With Adrian Armpriester, NYSDOT

There are a few more clinics in the works. Check our web site www.nybpa.org for updated schedule.

Starting at 10:30 AM Daily- Serving up them delicious Beef BBQ sandwich and total lunches.

Tuesday Only- August 6th at 4:00 PM at the Beef BBQ Tent Offering a BQA- Beef Quality Assurance Training to include chute side and classroom session usually lasts 2 1/2 hours. Cost \$15/person or \$25/farm, which includes a Beef BBQ. This also qualifies for BQA Recertification that is required every three years. To RSVP and any questions Contact- Mike Baker- mjb28@cornell.edu, or 607-227-6320 no later than August 1st.
